Dear Client,

With the start of a promising new year and new decade, it is my pleasure to introduce to you an equally promising new company, ESC Corporate Services which you've known previously as Teranet's Corporate Services division and historically as Dye & Durham.

As a valued customer, helping you succeed in your business is our first priority, which is why our commitment to you is to continue to provide the best possible full-service and real-time online solutions to meet your needs. Our prices, superior corporate supplies product line (formerly Dye & Durham) and ability to customize will remain the same, and we will maintain our full suite of corporate and commercial search and registration services, as well. As always, we are dedicated to offering you easy, reliable and cost-effective ways to get the legal information and products you require.

As ESC Corporate Services, we will inherit all of the goodwill, knowledge and experience of our predecessor companies, including the highly skilled and dependable Corporate Services representatives that have served you well over the years. In essence, we're the same team. We know this business, we believe in this business. You'll find we're focused yet flexible, more responsive than ever, and our promise is to continuously improve your experience with us, whether you're connecting by phone, email or through the web.

Going forward, ESC will be entirely and exclusively dedicated to Corporate Services. Our full attention will be paid to serving you and delivering an exceptional customer experience. We are serious about earning your business with every transaction we facilitate on your behalf. The only change you'll notice will be a change for the better.

Over the next several weeks, you may be contacted by a representative from your ESC team. In the meantime though, if you have questions or concerns, please do not hesitate to contact me or any member of our team at 1.800.668.8208.

Sincerely,
