PPSA Search and Registration

PPSA search reports indicate whether the personal property of a corporation, individual, business name or a motor vehicle identification number is encumbered and subject to the security interests of creditors. PPSA registrations enable creditors to register, modify, renew and discharge their interests on the respective personal property outlined above.

ESC Corporate Services offers a national PPSA Search and Registration service. We conduct certified and uncertified searches under the Personal Property Security Act within each province and territory in Canada and Uniform Commercial Code Search and Registration services in most U.S. states. Within Ontario, ESC conducts certified and uncertified searches and registrations under the Personal Property Security Act and Repairs and Storage Liens Act.

Our online service offers you full control of your own searches and registrations as well as a reminder notice for registrations about to expire. You also have the option of sending registrations with individual verification or batch verifications three times a day.

ESC provides full service and self-service fulfillment (where available) for the following PPSA Search and Registration services:
